Solaire Hair Studio & Spa

111 First St. 330-650-9095

With years of experience and continuing education, our dedicated staff is ready serve you and your beauty needs.

Pamper yourself with a Girls' Day out in Hudson.

Retail Therapy at the top of your list? Hudson has retained its small town center, with retail done the "new" old-fashioned way.

Wander down **Main Street** and visit local shops, many of which have been here for decades.

Then look behind them for a nice surprise: **First and Main**, the public-private partnership that brought a mix of high end retail. First and Main has selected the best of the chains you love and

combined them with unique local shops.

Not done yet?

We have the **Evaporator Works** for trendy finds. Continue to the south end and you'll find **Darrowville** for Vintage. Hudson Plaza completes the around-town retail.

****And, of course, there's a coffee shop located in every one of those locations, to give you a caffeine boost when needed. ****

Want a **Spa Day**? Hudson has several spas, large and small, which can put together a package to suit your needs.

(Large groups might consider calling and putting together different packages/different price points at several locations. However, several of the spas are quite large in and of themselves—if you book ahead.)

After your mani-pedi, need some time to unwind over a meal?

The range of restaurants in Hudson is sometimes startling for those of us who still think of ourselves as “small town.” Check out the Destination Hudson listing for your **dining options!**

Take a break afterwards to stroll around our Green or through the Historic District.

Pamper yourself and de-stress in Hudson. Leave happy.
