Start

Stop by **Gwendolyn Elizabeth** (126 W. Streetsboro). At this all-natural bath, body and candle shop you can pick up some hand sanitizer and natural bug repellent (Hudson Gardens) – you are heading into the woods! When you are ready, head out the back of Acme Plaza and turn right (west) onto Milford and then left on East Case. Another left on Lynn Drive takes you into Cascade Park.

Steps so far: 1,400

Almost There

Back to your car in Acme Plaza (another 1,400 steps) and you MAY have reached 10,070 steps. Time for break for refreshments at **Johnny's Diner** (180 W. Streetsboro St). Decorated like an old-time diner, Johnny's serves breakfast, lunch and dinner.

Keep Going

Here you have quite a few options, depending on how much energy you have!

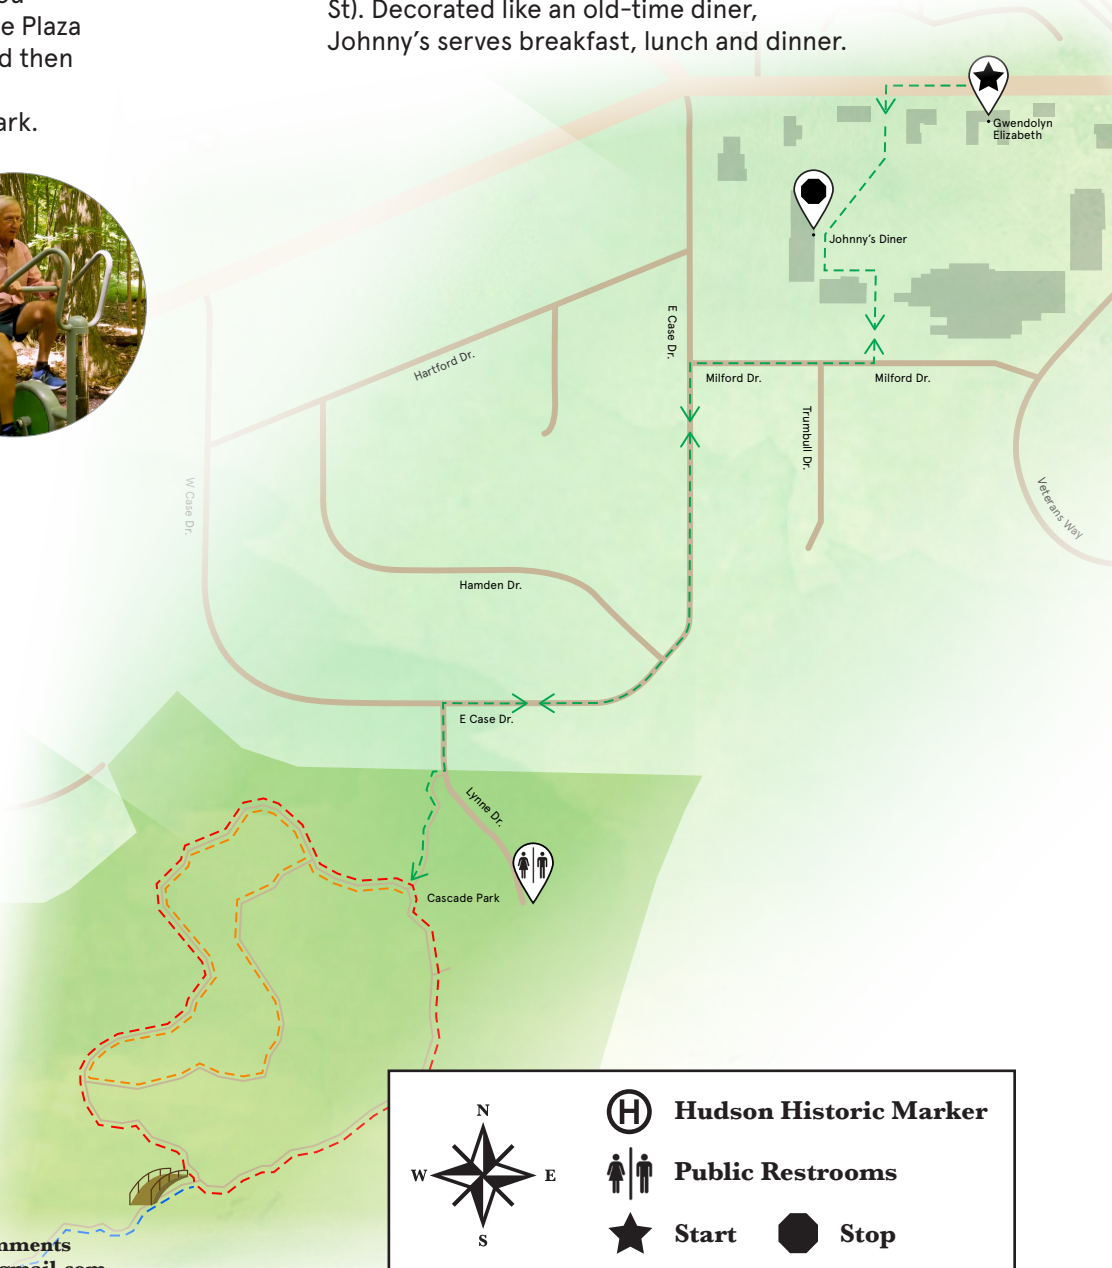

Enjoy the new **Fitness Trail**! Start at the top end of the trail and follow the inner path (orange path). Six pieces of exercise equipment will add variety to your walk.

Steps so far: 2,880

If you go around again following the outer trail (red path) all the way around you can ADD 1,690 steps.

Steps so far: 4570

If you cross the wooden bridge halfway around the outer trail (blue path) and go out the Nicholson Trail all the way to Barlow Rd and back, passing by the north end of Ellsworth Golf Course you have added 4,100 steps.
